*"Tom is an inspirational teacher who makes lessons enjoyable and motivating for his students. He's really passionate about communicating his love of music and songwriting to the next generation of musicians and my daughter always looks forward to her guitar lessons."*

## HOW OUR LESSONS WORK

**Our experienced tutors will guide your teenager through everything from first picking up a guitar to playing their first show! We work on real songs and riffs in all of our sessions and focus on giving students a fun and engaging introduction to music.**

**We provide all of the equipment needed during our lessons, you can even hire a guitar to take home for a small cost.**

**Easy Payments - Lessons are just £12 per session charged on a monthly basis via direct debit. Simply sign up and we'll handle everything else. You can stop lessons at any point during the year, we just ask that you give us 30 days notice to offer your space to someone else.**

"My son absolutely loves his weekly guitar club. It's amazing how much confidence he's gained by playing for fun with others. We love hearing him play songs that he genuinely enjoys learning- and the new skills that each require. We would definitely recommend Oxfordshire Music School"
